

Dear Sirs:

I think you need to let XM be. XM radio is providing a valuable service to the American Public. XM is what pay radio is all about. Consumers have a choice to listen to free Radio or purchase pay radio like XM. I enjoy listening to XM and the service they provide. It is the best \$20.00 I spend a month. I have 2 subscriptions and I would never think about dropping it.

I urge you to reject Petition 04-160. you must let the American people have the freedom to hear what they want.

Sincerely,

Dan Bustillos
